Modern and Contemporary Architecture Gaining Share of High-End Market

But . . . No Great Door Products so
Architects/Designers/Builders often Default to Flush
Doors

Beyond the Flush Door

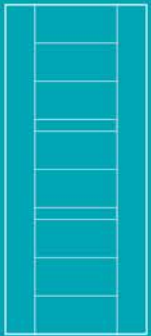

TM13000 in Cherry with Kerf Cut reveal

Beyond the Flush Door

TM6100 in White Oak with Shagreen Grey Oyster leather and One Step (OS) sticking

Beyond the Flush Door

TM9420 in MDF with Radius reveal and Square Stick (SS) compression fit sash; Pair features White Lami and single door has Petal glass

Beyond the Flush Door

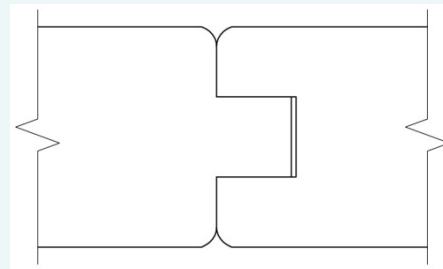

TM9130 in LVL with Asymmetric stiles and Kerf Cut reveal; Panels feature square stick (SS) compression fit sash with Patina Etruscan metal

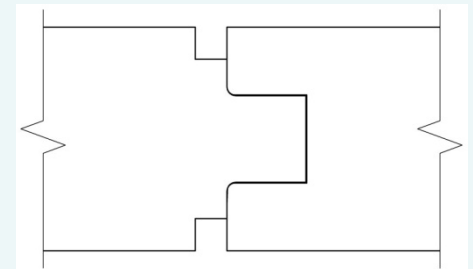

Core Concept is Stacked Rail Door Design

New door style that can be configured in multiple options by simply adjusting the dimensions of stiles and rails and substituting panels with new materials to create a custom look

Two contemporary reveals are available:

1/8" radius reveal for a clean minimal look

1/4" kerf cut reveals strong simple lines
